AUTO DISHWASH DETERGENT

AUTOMATIC DISH AND GLASS WASHING DETERGENT

A liquid high-strength dish and glass washing detergent specially formulated for use in commercial automatic dishwashers. Easily cuts through food soiling, oil and grease and cleans quickly and efficiently, assisting in speed of service. Suitable for use on glass, china, stainless steel and plastic. Septic tank safe when used as directed.

DIRECTIONS

Place auto-feed tube into container from automatic commercial machines, as required.
Adjust dosage rates based on required clean and water conditions.

APPLICATIONS

Liquid dishwashing detergent for automatic commercial dishwashers.

MPI APPROVAL

MPI Approved C31 (All Animal product Except Dairy)

Washes up to
1000 commercial
warewash loads
per 5 litre pack*
