FLOOR BUFFER

FLOOR MAINTAINER AND RESTORER

Improves the appearance of worn water-based floor finishes. Removes scuffs, scratches and dirt from surfaces and produces a brilliant gloss finish.

DIRECTIONS

Spray: Dust mop and clean the floor to remove dust and dirt. Spray diluted at a ratio of 1:4 with water onto the floor. Do not over wet the floor. Buff the floor using an approved pad with a low speed swing machine.

Mop and Bucket: Dust mop floor to remove dust and dirt. Dilute at a ratio of 15ml/litre with cold water. Mop floor with solution and pick up soil and excess with a tightly wrung out cleaning mop. Do not rinse and allow floor to completely dry. Burnish with a high speed electric machine.

APPLICATIONS

For maintaining and restoring polished floors.

- WATER-BASED
- CONCENTRATED FORMULA
- BRILLIANT GLOSS FINISH
- MAINTAINS FLOORS

5 Litre: FK-ACFB05
