

ALLCHEM

## PRODUCT INFORMATION SHEET

# FLOOR POLISH

Product SDS

## HIGH GLOSS POLISH

Floor polish and sealer with superior durable wet-look gloss. Applies evenly, levels quickly, dries to a great looking finish. Subsequent coats apply smoothly without drag, pulling, streaking or clouding. Suitable where slip resistance required. Ultra long-wearing finish with high speed burnishers. Resists surface scuffs and heel marks allowing extended periods between maintenance.

### DIRECTIONS

Step 1: Prepare floor by stripping old polish.

Step 2: Using a clean finish mop or applicator, apply 3 or 4 coats and spread evenly. Allow each coat to dry for 30 minutes between coats. Increased gloss and durability can be achieved by adding more coats.

Step 3: Maintain finish by frequent dust mopping and wet cleaning with appropriate products.

### APPLICATIONS

Apply after stripping floor using AllChem Floor Strip on low and high traffic areas.

High  
Gloss

- HIGH GLOSS POLISH
- COMMERCIAL STRENGTH
- WATER-BASED
- EXCELLENT COST-IN-USE
