# FRESH DISINFECTANT

## PREMIUM DISINFECTANT

Premium grade disinfectant for janitorial and washroom areas. Effective in controlling a wide range of bacteria and fungi. Septic tank safe, when used as directed. Leaves a lasting, pine fragrance.

### DIRECTIONS

For general microbial control of floors and hard surfaces add to potable warm or cold water at a ratio of 1:80 (1.25% solution, 12.5mls per litre). For more thorough microbial control and contaminated areas use at a ratio of 1:20 (5% solution, 50mls per litre). Brush, wipe or wet mop areas.

Before using this compound in food areas, all product and packaging material must be removed from the room. After using this compound, food surfaces must be thoroughly rinsed with potable water before production starts.

### APPLICATIONS

Ideal for sanitising bathrooms, toilets, laundry and kitchen areas.

### MPI APPROVAL

MPI Approved C32 (All Animal Product Except Dairy)

- POWERFUL FORMULA
- EFFECTIVE DISINFECTANT
