## PRODUCT INFORMATION SHEET

Product ID

### HEAVY-DUTY OVEN & GRILL CLEANER

A powerful, ready-to-use heavy-duty oven and grill surface cleaner with a non-gel formula that penetrates even the heaviest of fat and carbon soiling. Effectively removes grease and oil deposits and is ideal for commercial food service applications. Not to be used on aluminium items.

Use undiluted.

Pour directly onto a cold or warm grill (never pour onto a hot grill).

Leave for several minutes and scrub if needed.

Rinse well with clean water.

If spraying - always take care to minimise atomised spray.

DO NOT USE ON ALUMINIUM SURFACES, ITEMS, OR UTENSILS.

For the heavy-duty surface cleaning of ovens, grills & hotplates.

Ideal for commercial food service applications.

Brilliantly  
cuts through  
grease and  
carbon
