PRODUCT INFORMATION SHEET

LAUNDRY POWDER

Product SDS

CONCENTRATED LAUNDRY POWDER

A powerful low-foaming, biodegradable laundry powder concentrate for use in domestic and commercial washing machines. Contains optical brightening agents to keep laundry fresh and clean while maintaining the brightness of whites. Septic tank safe when used as directed.

DIRECTIONS

Add to washing machine at the following approximate rates. Rates may vary based on soiling levels. Never add powder directly to fabric surfaces.

Domestic: 40-80gm per 5-7kg load

Commercial: 200-300gm per 10kg

APPLICATIONS

For the use in top-loading and front-loading commercial & domestic washing machines.

Leaves laundry with a pleasant lily-rose floral fragrance.

Up to 250
