NON-FRAGRANCED FLOWING HAND SOAP

UNPERFUMED FLOWING HAND CLEANER

An unperfumed flowing hand cleaner that cleans hands effectively while being mild on skin. Contains skin conditioning properties to keep hands soft.

DIRECTIONS

- Apply directly onto hands from the dispenser (2ml per dispenser plunge).
- Work hands together into a smooth lather then rinse off.
- Experts advise to wash hands for at least 20 seconds to ensure an effective clean.
- Repeat if required.
- Dry with a clean paper towel.

APPLICATIONS

Unperfumed flowing hand soap for commercial areas requiring hand washing or high-use washroom environments such as restaurants, cafes, restroom & food plants.

MPI APPROVAL

MPI Approved C51 (All Animal Product Except Dairy)

- READY-TO-USE
- SOFT ON HANDS
- UNFRAGRANCED
- BIODEGRADABLE
